 - (3) The originating source will be made as definite as possible.
 - (4) Names of government departments and divisions will be written out.
- B. References from the same source will be arranged either chronologically or alphabetically, depending on the type of material.

- (1) When there is a lot of maps or charts of various dates, arrange in columns:

Date	No.
_____.	_____, _____.
_____.	_____, _____, _____.

- (2) When there are several items for one date or only one for each of several dates, they will be arranged in a series.

- C. The place of publication of material from U. S. Government agencies will be assumed to be Washington unless the title suggests a probable other place. Any other place of publication will be given if it is available.
